1 11:00. I don't recall precisely.

2 Q. Where did you go from the Weymouth --

3 A. Just --

4 Q. -- boat area?

5 A. We just went into the water, into the
6 ocean.

7 Q. What were the sea conditions like at the
8 time that you left Weymouth?

9 A. It was -- it was, you know, regular, just --
10 what do you mean, how, what was the condition of the
11 sea? I mean, just nothing out of -- out of
12 ordinary, just regular, average day.

13 Q. What I am referring to, sir, was whether it
14 was smooth, choppy, wavy, or --

15 A. It was --

16 Q. -- any other way that you may describe it
17 from your --

18 A. I would --

19 Q. -- observation?

20 A. -- say it's a little bit -- at times it was
21 smooth. At times it was choppy.

22 Q. Did Mr. Zilberman at any time provide you
23 with any materials concerning the boat that you were
24 in, written materials, printed materials?

1 A. No, but I recall he told me that he was told
2 that boat would not -- if it capsizes, it would flip
3 back over. (Witness indicating.)

4 Q. What did --

5 A. I remember -- I remember talking about the
6 new boat.

7 He says, "Oh, this one, if it -- if it
8 overturns, it will flip back over to the original
9 position." (Witness indicating.)

10 Q. When did Mr. Zilberman tell you that if the
11 boat capsizes, it would flip back over?

12 A. When we were going in -- when we were in the
13 water, going in, when we were in the boat going into
14 the water, you know, going to the ocean.

15 Q. As you were leaving, you are talking --
16 leaving to go out fishing, you are talking about
17 what would happen if the boat capsized?

18 A. Yeah, because he was talking a lot of things
19 about his new boat. He was showing off his new
20 boat, how beautiful it was and how this and that.

21 Yes.

22 Q. Did Mr. Zilberman permit you to drive the
23 boat at all on the way out to fish?

24 A. No.
